EPA published estimated costs in 1997. You can use BEN to bring them into today dollars. Here's a link to the document, on some non EPA website.

Pete,

I need your expertise again -- this time re: EB -- see highlighted portion of email below.

Ex. 5 AC/AWP/DP

I know you're busy, but it would be great to get your thoughts on this -- let me know if you need more info -- I'm around tomorrow.

Also -- the penalty diagram you gave me is coming in handy. Thank you!

Laura

But I'm not the expert on this so don't hold me to this. I'm just speaking from the cases that I have worked on.

Diana – I'm starting to calculate the penalty in WF and it would be great to track down the penalty calculation work sheet from the Walmart settlement. When I checked with Ann a few weeks ago, she didn't have it, but indicated that you may have a flash drive with some of the Walmart documents (Ann – please correct me if I'm wrong).

Ex. 5 AC/AWP/DP

Any info, etc. you think would be helpful, please send my way.

Also the alleged violations = the two violations alleged in the draft WF CAFO – failure to make HW determinations and failure to comply with the UW requirements.

Thanks,
Laura

Laura: I don't have a hard copy penalty calculation sheet in my file. I did find on the G:drive this briefing sheet that explains the RCRA/FIFRA penalty calculation.
I also have a pdf version but let me check G:Drive.
